

## P7 Home Learning Activities - January 2024

<u>Addition/ Subtraction</u>	<u>Times tables</u>	<u>Spelling</u>	<u>Writing</u>	<u>Poetry</u>	<u>Outdoor Learning</u>
Apply your addition and subtraction strategies to the language of maths booklets on teams.	Time yourself doing your times table and record your quickest time for each one.	Find as many synonyms for 'Excited' and write seven sentences with your new words.  Keep practicing your spelling words for this week.	Write an imaginative story about the weather.  Write an exciting ending to your story that you started yesterday.	Practice your Scottish poems at home.  <u>Reading</u>  Read the next two chapters of your reading book.	Post a picture of something creative you are doing in the snow!  Share your photos on our Teams page.

These can be completed in any order and at your own pace, should you choose to complete them. Feel free to get in touch with any questions.

Kind regards

Miss Jones, Mrs Esson and Mr Ajet
